BASEBALL FANS ON BIG LEAGUES

Much Discussion and Interest in Coming Season—Vote on Outcome of Race.

A vote taken among the Salt Lake baseball fans on the outcome of the big league race the coming season resulted as follows:

National League.	American League.
Pittsburgh.	St. Louis.
Cincinnati.	Philadelphia.
New York.	Brooklyn.
Cleveland.	Boston.
St. Louis.	Washington.

In line of any local baseball situation to discuss, other than the state league, Salt Lake fans in various favored lounges are all over the city are looking forward to the prospective races in the big leagues. The opinion is general that the season is over there will be some surprises in store.

In the American league, both Philadelphia and Boston are expected to make good. It is pointed out that both the "aged boys" of the Hub and Mack's Athletics gave the Tigers an awful race right up to the end of last season and Jennings only won out by strengthening in the last month at first and second. "The Tigers haven't strengthened much," remarked one fan. "They will have practically the same old team and unless they develop a good twirler or two from their youngsters, they're going to lose out. Their infield don't look good to me. There's old Tom Jones on first, Delahanty on second, Bush at short, and Moriarty on third. Bush is the only real classy one of that bunch, although Del is certainly a sweet hitter. The outfield is a peach, however, with Cobb, Crawford and Doby Jones."

"Yes, that's just what you said last year," remarked another, as he leaned over to get a light. "But they came in on the bit and then, but for a bad day which put a kink in Donovan's arm, would have won the world's flag. Nothing to it, Detroit all the way in what it looks to me."

While there are many differences of opinion in regard to which team will lead in the race, nine out of ten fans place Detroit, Boston and the Athletics in the first three. The Chicago White Sox are not thought much of, largely because of their entire new infield and their known lack of hitting ability. But there are a few wise ones who point to the fact that Chicago last spring started out with a bunch of youngsters and was there all the time.

Long Beach, Cal., March 8.—Though the White Sox pitchers were hammered by 10 hits by the Long Beach team and the Beach players won 5 to 1, this was the first defeat the Sox have suffered since they began "doing the suburbs."

Long Beach, Cal., March 8.—Final disposition of John Kling, catcher for the Chicago Nationals, who seeks to be reinstated, will be made immediately following the return of President Johnson of the American league from his trip to the Pacific coast. This was announced yesterday and a meeting will be held at Cincinnati for the purpose of passing upon the case.

It was originally intended to reach a settlement by a mail vote, but a great number of the players have since since that time and it will be necessary for the members of the national commission to gather at Cincinnati Johnson is not expected back from the coast before next Tuesday.

SCHOOL BOYS TURN DOUBLE SOMERSAULT

New York, March 9.—The rare feat of turning a double back somersault, which attracted considerable attention when accomplished a few years ago by a circus man, has been repeated here by two high school boys in the Columbia gym.

The first boy to try was Albert Quinn, 16 years old, who comes from the Jersey City high school. He is 5 feet tall, and weighs 135 pounds. He did the trick two or three times with a leather safety belt and other apparatus and then succeeded in accomplishing the feat unaided. "The other boy who did the trick equally well is Edward Mills of Pratt Institute, Brooklyn."

GREAT FINANCING OF BASEBALL GAME

\$600,983 Handled by National Commission—\$302,300 Invested in Players.

Chicago, March 10.—According to the sixth annual report of the national baseball commission, made public yesterday, a total of \$600,983 was handled through that body during the year 1909. Of this \$27,100 was purchased money for drafted players, \$55,300 for purchased players, \$28,000 for receipts and disbursements in the general run of business, including the world's series, \$2,500 which the commission kept on deposit in Cincinnati, and a balance of \$3,077 less over at the end of the season. The report of the secretary-treasurer also shows that 2,801 copies of the decisions of the national commission, 25 copies of the national commission letters and telegrams were sent out by him. Aside from expenses connected with the world's series, rent and salaries, the largest single item is printing and stationery.

COACH CONVILL PUTS DOWN ATHLETIC FOOT

Coach Convill of the Salt Lake high has directed the men who will play baseball from the track team, claiming that participation in both will prove too strenuous. Wednesday afternoon a full session was out under the direction of the coach. Most of the men are in good condition and will not require much work to get them on edge. There is a strong movement on for a new campus, which is badly needed by the school.

CROWLEY FAVORITE OVER JACK ROGERS

A large contingent of Salt Lake fans will go to Park City Saturday night to witness the boxing contest between Rogers and Crowley. It is probable that a special train will be arranged for. Rogers is the favorite of the crowd. Crowley, who is a husky miner with little skill but great strength and fierce punches, is being backed heavily by the Park City crowd. They cannot see how any man 20 pounds lighter can defeat him. Tom Painter, the Evansville sportsman and referee, will probably be the man in the ring. Painter's work is always classy and he is considered one of the best referees in the west.

BARRY KNOCKS OUT SMITH IN NINTH

Oakland, Cal., March 9.—Catching his man rebounding from the ropes of the ring, Jim Barry of Chicago sent a right punch right uppercut to Garret Smith's chin in the ninth round tonight, and the sailor had been knocked out in his own corner. A big crowd witnessed the contest.

BATTLING NELSON AND BALDWIN GO

Chicago, March 8.—Bat Nelson has practically accepted terms to lose Matty Baldwin in New Orleans early in the spring. The acceptance of terms from Thomas Walsh, the New Orleans manager, carries with it an offer of \$4,000, with a privilege of 50 per cent of the gross receipts and as much as Baldwin must do 135 pounds ringside, while Nelson is allowed to box at catch weights with no decision. Nelson regards the match favorably.

INTEREST IS KEEN IN RIFLE MATCHES

Detroit, Michigan, March 10.—Considerable interest has been aroused in the matches of the Detroit Rifle association, which will be held on the Detroit range beginning Aug. 1, in conjunction with the annual matches of the Michigan State Rifle association. The Michigan Rifle association is composed of the states comprising the military department of the lakes, including Ohio, Indiana, Illinois, Michigan and Kentucky. Although organized only a year ago the association is in possession of five handsome prizes and the sixth, to cost \$600, will be added this year. It holds its tournament alternately in the states comprising the association, the first being at Camp Perry, O., last year. Michigan is making great preparations for the visitors at these matches. Among the improvements for the Detroit range are a concrete mess-hall with a capacity of 200 men; concrete kitchen, incinerators and an increased water supply. An effort will be made to secure the fleet of naval reserve vessels on the great lakes to move the competitors from Detroit to Camp Perry, Ohio, immediately after the matches. The matches following close on the Michigan and D. L. R. A. matches. At the latter place the matches of the Ohio National Guard, Ohio State Rifle association, the National Rifle association and the National Rifle association under the direction of the national board for promotion of rifle practice will be held. The latter matches will probably be moved next year and the shooting world is relying on the department of the Lakes Rifle association to maintain interest in rifle practice in the central west after the national matches go elsewhere.

MOVEMENT TO ERECT SHAEFER MEMORIAL

St. Louis, March 10.—A movement to erect a suitable monument over the grave of Jacob Shafer, the billiard champion who died in Denver Tuesday, has been started in this city and contributions are being received. Projectors of the plan propose that billiard players throughout the country contribute a nominal sum each, the funds to be used in erecting a memorial.

AMERICAN MARKSMEN TO MEET CANADIAN

Interesting Event of the Shooting At Sea Girl Is Awaited With Much Interest.

Sea Girl, N. J., March 10.—An interesting event of the shooting season on the New Jersey range will be the first international rifle match with Canada, which will be shot about Sept. 10. If the challenge issued to the Canadians by the Americans is accepted as it is expected it will be, the challenge comes from the Association of American International Riflemen, which is limited to those who have represented America in international contests such as the Panama trophy and the Olympic games, and includes a number of the foremost military marksmen of the country. Brig. Gen. Fred W. Spencer of New Jersey, for so many years president of the National Rifle Association of America, has given a handsome trophy for perpetual competition between Canada and the United States. The trophy will be captured by the North American Match, according to the terms of the challenge the match is to be shot alternately first at Sea Girl and then at Ottawa between Sept. 1 and Nov. 1 each year. The teams are limited to six (principals and two alternates) all members to be citizens of the country they represent. They are to use the military sights. It will be the longest range international contest on record, including 15 record shots at 20, 50, 100, and 150 yards. At 20 yards the targets of the N. R. A. of great Britain will be used, and also at 50 yards; at 100 and 150 yards the targets of the N. R. A. of the United States will be used. The shooting will be done in a proper position at all ranges. The match will cover two days.

BADGERS WILL TAKE EXAMS ON TRAIN

Madison, Wis., March 9.—The faculty of the state university has voted to allow the members of the variety and freak shows to take their examinations on the train on the way out to the Poughkeepsie regatta, and instructors to keep up with their school work. Owing to the fact that the race will be rowed on June 25, the crews will be moving out on the train on the 10th of the day that the regular examinations begin.

BOWLING CONGRESS NEARING ITS END

Detroit, March 9.—The executive committee of the American Bowling Congress met today and nominated practically all of the present officers for the coming year. It was decided to increase the number of members of the executive committee from 10 to 15. The state of officers for the coming year include: H. Bryson, Indianapolis, Secretary; A. L. Langley, Milwaukee, Treasurer. The committee took no action on the proposed amendment concerning the opening date of the annual tournament, which is opposed by St. Louis. The amendment would have the tournament open without recommendation. St. Louis delegates say they will not bid for the 1911 tournament. They cannot open it in January to give baseball players the opportunity to compete.

FOREST DALE NOW CLAIMS CHAMPIONSHIP

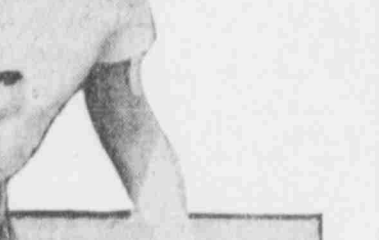

The Miller ward five at last went down to defeat last night at the west amusement hall when Forest Dale Juniors registered a win by a score of 26 to 22. It was one of the fiercest games of the season and was not ended until the shot came. At the end of the first half the score was 10 to 18. Forest Dale, and staggered from that time on. The winners claim the championship of the Granite State league.

BASKETBALL BOYS WILL GO TO MONTANA

The athletic council of the university on Wednesday evening passed a resolution to send the basketball team to make an invasion of Montana and Idaho next week. Games are being arranged by Coach Madock with Bozeman, Butte, Billings and Pocatello. The team is in fine shape, work being out daily in the gymnasium, and all are anxious to make the trip.

JOHANSEN, WHO HAS ESTABLISHED A NEW WORLD'S RECORD FOR MARATHON DISTANCE.

At present the reigning sensation in Marathon circles here is Thure Johansen, the Swede who recently established a new world's indoor and outdoor record for the classic distance. He sent the former indoor mark of 2 hours 44 minutes 20.4 seconds, held by Dorando, into the heap. Johansen's time was 2 hours 36 minutes 51.5 seconds. The outdoor record of 2 hours 39 minutes was held by Abbie Woods. The star that promises to dim the rest of the long distance constellation ran a marvelous race, making good his claim from the start and waited into the victory by almost seven laps. Jim Crowley, the erstwhile amateur Marathon king, ran the best race of his career for 20 miles and finished second in a bedraggled condition. Johansen is entered in many of the big long distance events to be held in the near future.

MANAGER DWYER IS ON WAY TO CITY

Dwyer is a well-known horseman in the city and has been the manager of the Utah Jockey club for many years. He has been successful in many ways and has been a great help to the club. Ad Voltaire must be something of a pugilist. He is winning much admiration by his constant silence. A. H.
